VISION AND MISSION

ABOUT US

VISION & MISSION

At Crawford, we strive to revolutionize passenger and courier services, offering seamless mobility and unmatched quality. Our mission is to make transportation of people and goods effortless, reliable, and accessible to all. Through innovation and exceptional service, we aim to drive business success by efficiently delivering goods and enhancing service experiences. Crawford's: Redefining mobility with excellence and reliability.

We envision a future where transportation is effortless, reliable, and accessible to all. Our vision is to revolutionise passenger and courier services, setting the standard for seamless mobility and superior quality. Through innovation and exceptional service, we aim to drive business success and enhance everyday experiences for our customers. Crawford's: Pioneering a world where transportation is easy, efficient, and of the highest calibre.

OUR GREEN VALUES

Sustainability isn't just a buzzword; it's a guiding principle woven into every facet of our operations. From our interactions with employees, customers, suppliers, to our engagement with environmental regulators, we're committed to fostering a greener future.

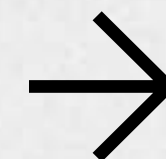

Recognising the urgency of the climate crisis, we've embraced electric vehicles as a more eco-friendly alternative to traditional diesel cars. With research indicating a 50% reduction in greenhouse gas emissions and air pollutants emitted by electric vehicles, we're actively contributing to a cleaner atmosphere and a healthier planet.

Our commitment extends beyond mere rhetoric; it's evidenced by concrete actions. Over the past five years, we've systematically transitioned our passenger car fleet to hybrid or fully electric vehicles, with ambitious plans to achieve a fully electric fleet, including courier vehicles, by 2030.

Moreover, we've implemented sustainable practices within our office spaces, opting for inkjet printers over toner printers to minimise energy consumption and waste. Our preference for PEFC-certified paper sourced from sustainably managed forests underscores our dedication to environmental stewardship.

At Crawfords, sustainability isn't just a corporate obligation; it's a collective responsibility that we wholeheartedly embrace, driven by a vision of a brighter, greener tomorrow.

CRAWFORDS

OUR SERVICES

CRAWFORDS

Excellence is our hallmark! Wherever you are, from the bustling streets of **London** to the vibrant landscapes of **Paris**, the dynamic energy of **Tokyo**, or the glitz of **Los Angeles**, expect nothing less than unparalleled service.
